 For business readers around the world

HK - What others say

Raphael Genoud, founder of Agsa Asia Limited (01/10/2006)

"It was difficult making Chinese mainland workers understand branding and quality but I have to keep motivating them. Luckily, we have a good team in Hong Kong, people who have been educated abroad, speak good English and are a good East-West blend. They are hard working and understand the mainland mentality and that helps tremendously."
